

Study/site risk management form: Woodland/Skills

Description: The study is held in the bush reserve behind the REEC. Students walk to the area (500 m) which is on a typical hill slope of approximately 10 degrees. There is an overstorey of medium height trees with a shrub understorey. The site has many tracks. Students do vegetation surveys at the top and bottom of the hill (300 metres) and do soil tests.

Task/Activity	Hazard	Risk Assess.	Elimination or Control Measure
General	General		REEC staff have current Senior First Aid qualifications and carry first aid kits with constrictive bandage, Ventolin asthma medication, water and mobile phone.
Site	Isolated area	1	In terms of obtaining help this is a semi-isolated area but has mobile phone coverage.
Walking over rough ground	Separation from group; sprains, bites.	4	Teacher at front and back of group. Teacher/student ratio < 1:15 (guideline) Students wear enclosed footwear Students warned of possible snake presence. Stay on tracks when walking between study areas.
Environment	Possible cold weather Sun	5	Students must take warm clothing. If weather judged too severe an alternative activity will be done. Students must take hat, sun screen and water bottle
People	Allergic reactions, asthma, diabetes	1	Schools give prior advice to EEC staff of student and staff medical conditions. Student and/or teachers carry personal medication. Students with anaphylactic reactions to bring EpiPen.

Risk Assessment Matrix		How likely is it to be serious				Note: risk management for the excursion is the responsibility of the school and teachers from the schools involved. This form is just for the activities and site.
How serious could the injury be?	Very likely	likely	Unlikely	Very unlikely		
Death or permanent disability	1	1	2	3		
Long term illness or serious injury	1	2	3	4		
Medical attention and several days off	2	3	4	5		
First aid needed	3	4	5	6		

Welfare Information Return

Riverina Environmental Education Centre

Please notify the centre of any students (**first name only**) with the following welfare concerns. This information will be used to assist us with the safe management of students whilst at the centre. (**This information will be kept confidential and the form destroyed after the visit**):

- Students who have asthma, allergies, diabetes or other medical conditions.
- Students with physical disabilities such as broken limbs or use wheelchairs.
- Students with behaviour concerns.

School	Date of Visit	Study

Risk management responsibilities of students

Summer: students will need water bottles, hats, sunscreen, enclosed shoes (no sandals/thongs).

Winter: students will need hats, sunscreen and enclosed shoes (no sandals/thongs), warm clothes.

Medication: please bring medication for students with asthma, allergies, diabetes and other medical conditions.

Behaviour: students in the field with poor behaviour are a danger to themselves and others (disobeying instructions, throwing rocks etc). Please assess their suitability for participation.
