

Study/site risk management form: Salinity

Description: Students visit several site in Wagga Wagga to investigate salinity. They start at the REEC where classrooms and toilets are available. Here they may taste water (5 ml) containing different amounts of salt. They travel to a stormwater drain on Fernleigh Rd to test the water then travel to CSU Sth Campus to investigate salinity on the old oval. They then go to the Botanic Gardens area to investigate natural bushland.

Task/Activity	Hazard	Risk Assess.	Elimination or Control Measure
General	General		REEC staff have current Senior First Aid qualifications and carry first aid kits with constrictive bandage, Ventolin asthma medication, water and mobile phone.
Travel by bus	Illness on bus trip Crossing busy roads	1	Asthma/diabetes students have medication on bus with them, not in luggage area. Student list to be carried on bus. Bus will park so students do not need to cross roads
Walking over rough ground	Separation from group; sprains, bites.	4	Teacher at front and back of group. Teacher/student ratio < 1:15 (guideline) Students wear enclosed footwear. Students warned of possible snake presence.
Testing salt water	Contact diseases from container	3	Each student uses a clean medicine cup for tasting. Tasting is optional.
Environment	Possible cold weather	2	Students must take warm clothing. If weather judged too severe an alternative activity will be done.
	Sun	4	Students must take hat, sun screen and water bottle
People	Allergic reactions, asthma, diabetes	1	Schools give prior advice to EEC staff of student and staff medical conditions. Student and/or teachers carry personal medication. Students with anaphylactic reactions to bring EpiPen.

Risk Assessment Matrix	How likely is it to be serious				Note: risk management for the excursion is the responsibility of the school and teachers from the schools involved. This form is just for the activities and site.
How serious could the injury be?	Very likely	likely	Unlikely	Very unlikely	
Death or permanent disability	1	1	2	3	
Long term illness or serious injury	1	2	3	4	
Medical attention and several days off	2	3	4	5	
First aid needed	3	4	5	6	

Welfare Information Return

Riverina Environmental Education Centre

Please notify the centre of any students (**first name only**) with the following welfare concerns. This information will be used to assist us with the safe management of students whilst at the centre. (**This information will be kept confidential and the form destroyed after the visit**):

- Students who have asthma, allergies, diabetes or other medical conditions.
- Students with physical disabilities such as broken limbs or use wheelchairs.
- Students with behaviour concerns.

School	Date of Visit	Study	
		Salt	
Student first name only		Welfare Concern
